

Project Overview & Task Stack

Project Title: RPS Arena – Rock Paper Scissors Game

Week 4: Computer Random Choice Implementation

Focus:

Implementing the computer's random choice so that the computer can independently select Rock, Paper, or Scissors during the game.

Tasks:

- Import and use Java's Random class.
- Generate a random number for the computer's choice.
- Assign the generated number to Rock, Paper, or Scissors.
- Display the computer's selected choice.
- Test the computer's random choice functionality.

Week 4 Deliverables:

- ✓ Random Class Implemented
- ✓ Computer Choice Generated
- ✓ Rock, Paper, and Scissors Assigned to Random Choices
- ✓ Computer Choice Displayed
- ✓ Random Choice Tested
- ✓ Week 4 Documentation Completed
