

WEEK 8 OVERVIEW

Project: RPS Arena

Topic: Multiple-Round Gameplay and User Experience Improvement

1. Add Multiple-Round Gameplay

- Allow the player to play multiple rounds.
- Keep the score updated across different rounds.

2. Implement Replay Functionality

- Add a Play Again option.
- Allow the player to start another round easily.

3. Improve User Experience and Interface Messages

- Improve game instructions and interface messages.
- Display clear messages for game results and new rounds.

4. Handle Unexpected User Inputs

- Prevent invalid choices during gameplay.
- Use button-based input to ensure valid game choices.
